## CUBAN CRISIS COMING

State of Affairs Growing More Serious Every Day.

SIX THOUSAND ARMED REBELS.

They Are in a Dozen or More Detachments and Are Glving the Government No End of Trouble-The Most Deplorable Feature of the Warfare Is the Burning and Pillaging Indulged in.

KEY WEST, March 18 .- A trustworthy report of the condition of affairs in the east end of Cuba is brought by a passen ger on the steamer Mascotte.

"I have traveled throughout the mountainous district constantly since the trouble began," said he, "and matters are now in a much worse condition than the beginning. The fighting started in a desultory and scattered fashien, but the forces gradually became crystallized and there are now fully 6,000 insurgents under arms. They are in a dozen or more detachments, but are giving the government no end of trouble. In many cases the Spanish troops have been beaten back with heavy loss.

The most deplorable feature of the warfare is the pillaging and burning. The insurgents have gained confidence since the beginning of the trouble, and matters in the eastern district are in almost as bad condition as during the war of 1868.

"Many leaders are springing up, and by force of their intellect and ability they have induced the insurgents not to hold off longer for the arrival of the leaders. The general opinion in Santi-ago is that if the insurgents can hold ont until summer, the yellow fever will

lielp them greatly.
"It is said that both Pabi and Masso are confident of taking Santiago before October. The Spanish troops are guarding every road and nobody is allowed to pass without giving the strictest account of himself. It is as much as a man's life is worth in Santiago to talk in favor of the Cubans or tell the truth. Several persons have been shot on account of an expression of opinion.

'Instances where the Spaniards were defeated have been published by the government as victories. Four Spanish cruisers were in the harbor of Santiago one week ago, now there are but two guarding the eastern coast and one the sonthern.'

The passenger also said the revolt would kill the business of Cuba for two years. Money is already scarce and prices are high. A panic is feared. It seems to bo the general impression among the Spaniards that the United States feels bitter toward the Spanish government and would like nothing better than an evense to seize the island hence their hatred of the Americans.

Nothing odicial has been received on the report of the Spanish eruiser flring on the Allianca. It is understood that the Spanish officials in Havana claims the Allianca was within three miles of shore and that the cruiser had a right to sink her on her refusal to halt.

TWO HOURS' ENGAGEMENT.

Three Hundred Spaulards Killed by the Cubans la One Battle.

TAMPA, Fla., March 18.-The reports of the Progresso, a Cuban steamer that arrived last night, give credit to the uprising in the eastern department, and state that much activity exists among Spanish troops on the entire island. Thirteen hundred prisoners are reported in the prisons of Havana. San Juilly and Aguirre are being tried by civil court, as required by Consul Williams, and it is believed that they will be freed altogether, although it is asserted that should San Juilly be released his life will be in peril.

Cubans had a recent engagement with Spanish troops in the outskirts of Bayamo. It is said that eitizens saw the fight from the housetops. The affray lasted two hours, and 300 Spaniards were killed and wounded.

The Cubans gave an entertainment in Ybor City, the proceeds being for the treasury of the revolutionary party. The house was crowded.

CORNELIUS STAGG SHOT. For Years He Has Been the Hest Known Cuterer lu California.

SAN FRANCISCO, March 18 .- Cornelius Stagg, proprietor of the Ingleside, a faurous wayside resort near the ocean beach, was shot and killed late Saturday night by one of two masked men whose object was robbery. Entering the bar, in which several men were throwing dice, one robber covered the party while the other entered in adjoining room and ordered Stagg to go to the bar to produce the money bag, large sums being spent daily by visitors. Stagg at first resisted and the robber, first striking him on the head with a revolver, then leveled the pistol at the old caterer and shot him through the

The masked men after' securing the contents of the till, amounting to only \$4, left. They have not been apprehended. Stagg was the best known caterer in California. He opened a wayside resort and race track 30 years ago, his place being the headquarters for elubmen and members of the sporting fraternity. During the visit of General Grant and Dom Pedro, Emperor of Brazil, a special series of races was arranged and the leading men of the country were daily and nightly as

under the monarchy, died in exile in the family for two or three generations. I the structure. this city last night.

ONE MORE FOUND.

There Is Now but One More Missing Italian In the Colorado Affair.

WALSENBURG, Colo., March 18 .-Pietro Ginbanca, one of the men supposed to have been killed at Bear Creek last Tuesday night, has been found. He was discovered Saturday night by some Mexicans about 10 miles from the VESSELS SAFE OFF CUBA'S COAST scene of the tragedy. His feet were frozen and he was in a pitiable condifrozen and he was in a pitiable condition from exposure, hunger and fright. The sheriff was notified, and yesterday morning took him to Pueblo, where he was placed in jail. Antonio Gabatto, the other prisoner, has not yet been found, and Pietro does not know where he is. When Pietro's feet were frozen and he was unable longer to walk, Antonio left him. tonio left him.

Lorenzo Danino, Francisco Ronehet-to and Stanislaus Vittone were taken from the undertaker's rooms yesterday to the Catholic church, where mass was performed, after which their bodies were followed to the cemetery by a large number of people. All the Italians from Rouse, and the neighboring country coal camps were present. Thus ends life's story in the tragedy of life so far as these three men are concerned.

Consul Cuneo has sent in the official testimony of the affair to the officials of his government at Washington. He is now making an investigation of his own. The consul says he will stay her for a month if necessary to learn what he wishes. He is making a thorough and exhaustive examination of all the incidents connected with the unfortunate affair. He says his government is in no hurry, and that everything will be done quietly and in order. It is also certain that he is now making up a re-port of his own, and that it will cover many things not in the official report.

BIG FIRE IN ST. LOUIS. Storage Warehouse and Elevator Hurned

Entalling a Loss of \$200,000. St. Louis, March 18.—The storage warehouse and elevator of Hugh Rogers & Company, dealers in salt and grain, at the corner of the levee and Bremen avenue, was burned yesterday, causing a loss of \$200,000 on the build ing and contents; fully insured. The building was a 2-story one, about 150 feet long and 40 feet wide, and contained salt and grain valued at \$180,000, which escaped the fire but was swept away should the facts on investigation prove and destroyed by the thood of water to be in accordance with the representhrown on the tlames.

The fire broke out in the office, presumably from the stove. The flames were discovered by John Bingham, the private waterman, who turned in an alarm. So rapidly did the flames spread that when the first engine arrived and was ready for work, the entire structure was in flames. A second alarm was turned in and the firemen went to was turded in and the interior work to save the adjoining property, consisting of lumber yards, small storage warehouses and railroad propositions of lumber of clock yesterday evening. as, it was seen at the el was doomed.

Mrs. Lease to Run For Mayor.

WICHITA, Kan., March 18 .- Quite a stir has been caused in political circles here by the announcement that Mrs. Mary Lease would be nominated for mayor of Wichita by a citizens' convention to make the mayoralty fight against the regular Republican nominee. If she accepts, and it is stated that she will, the Populists, Democrats, the women and the Prohibitionists will back her in the fight, and women are already talking about getting sulfragist orators of national reputation to come here and hold a rally every night till the campaign is ended. A hot two weeks' campaign is looked for.

Yacht Racing at Monte Carlo. MONTE CARLO, March 18.—The Monaca regatta opened yesterday and the principal event, the race for the prize offered by the Prince of Monaco, was won by the Prince of Wales' cutter Brittannia, which gave the Ailsa her first defeat. The Brittannia's victory did not create the greatest enthusiasm among impartial yachtsmen for the reason that it was gained in a poor trial of the qualities of the representatives' boats and was partly due to the Ailsa holding her opponent too cheaply. The race was for the Prix de Prince Albert I, open to all yachts above 20 tons.

Jumped the Track.

KNOXVILLE, March 18. - Passenger train No. 1 on the South Atlantic and Olno road jumped the track yesterday near Natural Tunnel, Va., 40 miles from Bristol. The engine went down a hill, followed by the mail and express cars. Engineer Burton und Fireman Grubbs saved themselves by jumping, but are badly hurt. The mail and express ageut. had narrow escapes, but are not seriously hurt. None of the passengers were injured. Running at too high speed while rounding a curve caused the wreck.

Mrs. Payne Laid to Rest.

CLEVELAND, March 18.—The funeral of Mrs. Mary Perry Payne, wife of ex-United States Senator Henry B. Payne, was held yesterday afternoon from the family residence on Euclid avenue. The service, which was very simple, was conducted by Rev. H. C. Hnyden of the First Presbyterian church. The interment was in the family lot at Lakeview cemetery. Among those present were Colonel Oliver H. Payne of New York and Ferry Whitney, son of the ex-secretary of the navy. Mr. Whitney is in Egypt.

Valuable Relics Burned.

ROCHELLE, March 18 .- The residence of Miss Sallie Perry was totally destroyed by fire yesterday morning. No Stagg's.

SAN FRANCISCO, March 18.—Arthur
P. Peterson, attorney general of Hawaii
nuder the monarchy, died in exile in

## APOLOGY FROM SPAIN

She WIII Make Reparation For the Recent Outrage.

The Firing on Our Mull Steamers as Was Done to the Allianca Will Not Be Repeated-One of Secretary Gresham's Requests Promplly Complled With-Courteous Reply Made to Another Oue.

Washington, March 18 .- The state department has received a dispatch from Minister Taylor at Madrid stating that the Spanish government has given assurance to the United States that there will be no more repetition of such offenses as the firing upon the Allianca. The reply of the Spanish government is couched in courteons and temperate phrases, and expressed the determination of Spain to avoid further eause for complaint on the part of the govern-

As to the attempted detention of the Allianca the Spanish minister of foreign affairs says that he is as vet without information, and adds that as soon as he shall have received a report from the captain general of Cuba concerning that incident, a reply will be made to the demand contained in Secretary

Gresham's telegram.
While the officials of the state department are unwilling to say anything whatever concerning the contents of Minister Taylor's cablegram, it is believed the foregoing is a fairly accurate interpretation of the dispatch.

It will be noted that the Spanish gov ernment promptly complies with one of the most important of Secretary Greshmin's demands, which was for "immediate assurance" that the war vessels patrolling Cuban waters should not give further offense in the manner complained of in the Allianca affair.

As to the other demands made by Secretary Gresham that the Spanish government should promptly express its regress for the attempted detention of the Allianca, Minister Taylor indicate. the willingness of the Madrid government to comply therewith in due time, should the facts on investigation prove tations made by the United States.

CLEVELAND CONFLAGRATION.

Two Newspaper Plants and a Number of Other Firms Harned Oat.

CLEVELAND, March 18 .- The Worthington block, at the corner of Ontario and Noble streets, occupied by The World newspaper plant and the A. N.

The building was of stories in height. The basement and second floor were occupied by the Kellogg Newspaper company, with a composing room and stereotyping plant, while The World occupied the first and fifth floors. On the third floor was the Claffen Manufacturing company, makers of light hardware, and on the fourth was the Bandeau Brothers, passementerie company, manufacturers of dress and cloak trimmings.

The loss on the building is estimated at \$40,000 with \$10,000 insurance. The loss of the Cleveland World is placed at \$60,000 with \$40,000 insurance. The Kellogg Newspaper company's loss is \$41,000 and the insurance \$21,000. The Claffen Mannfacturing company and Bandeau Brothers lose about \$10,000 each, which is insured.

The cause of the fire is a mystery. It started in the rear on the first floor and spread with great rapidity. An explosion, probably caused by gasoline, occurred soon after the fire started, causing quite a little excitement.

SUNDAY LAW IN ST. LOUIS. It Is Being Enforced by Officers of the Sab-

bath Association. St. Louis, March 18 .- Yesterday was the bluest Sunday St. Louis has hea within the memory of the oldest inhabitants. The Sabbath association had many committees at work and they made purchases in all the saloons, groceries, dry goods stores and haberdashers' establishments, that were open and ready to sell.

The work of the Sabbath association a week ago has put terror in the hearts of the men who have hitherto scarcely thought that there is a Sunday closing law on the statute book. In consequence many stores heretolore kept open on the Sabbath day were closed. The sudden break of the butchers, grocers, eigar dealers and saloonkeepers to keep holy the Sabbath drove many absent-minded persons to their wits ends to secure the necessities and luxuries usually purchased on Sunday.

Officers of the association say they are making an aggressive crusade in spite of the efforts of some influential men to thwart their efforts. The result of yesterday's wosk will be seen in the number of warrants applied for by the ussociation's officer today. Arrests and convictions will follow in every case where witnesses are able to prove an infraction of the law.

Milwaukee Blaze.

MILWAUKEE, March 18 .- Fire yester day in the Norris building, a large brick structure at South Water street, done damage to the building and contents estimated at \$50,000. The insurance is supposed to be ample to cover the loss. The premises were occupied by a bieycle manufacturing firm, the Wisconsin iron and wire works, the Milwankee Brass company and the National Tin Roofing company. The fire was started from some unknown cause in the top floor of

ORDER OF ELKS DIVISION. An Effort Being Made in Chicago to Rennite the Factions.

Cuicago, March 18 .- An effort to ad just the difficulty between the two branches of the Order of Elks is being made at a convention which is in session at the Auditorium. The convention, or TWO OF THEM INSTANTLY KILLED rather conference, was called by the Omaha lodge, Representatives from nearly all the lodges in the country are present. The Chicago lodge is not represented. The members of the local lodge adhere to the grand lodge which met at Atlantic City last June and refuse to recognize that the Jamestown faction has any right to its convention.

The difficulty arose over the passage of a resolution at the annual session of the grand lodge at Detroit in June, 1893, which delegated to a committee the power to fix the time and place for the next annual session. The committee called the grand lodge to meet in Jamestown and the grand officers called the meeting for Atlantic City.
E. B. Hayes of Washington was elect-

ed the grand exalted ruler by the Atlantic faction and M. H. Friday was elected to the position by the Jamestown faction. Since then the animositown faction. ty between the two factions has grown stronger, and the prospects for a reaffiliation less hopeful.

The Omaha lodge sent to the conference a delegation consisting of George F. Cronk, C. S. Hatten, William Brandt and E. M. Bartlett.

Mr. Cronk said last night: "The conference is not called in the interest of any faction. The Omaha lodge wants to see the order reunited. We will enter the conference with no set scheme, no attempt to revive the old bitterness, but with an effort to lay uside the differences of the past, drop all the animosity and attempt to bring both fac-tions into harmony. The longer the cr-der remains divided, the more hopeless will become the task of reconciliation. The legal aspect of the dispute is now in the courts, and whichever way it is decided will only intensify the feeling of the losing faction. We have secured a general response to our call and lexpect an attendance of over 100 repre-

BURNED HIS VICTIM'S BODY.

A Strange Crime Revealed by a Death. bed Confession.

CENTRALIA, Ills., March 18.-1n 1887 Pavey & Allen did a mercantile business in Monut Vernon, Ills. The sonior member of this firm was General C. W. Pavey, ex-auditor of the state of Illi: In the employ of the firm was a man named White. One night in the summer of 1887 the store building burned and was a total loss.

White roomed in the building and his charred body was found in the debris. The origin of the fire was a mystery and a still greater mystery was why White did not get out, as the exit was W. D. Tabb has been a prominent oitizen of Mount Vernon for many years and has frequently held public office. Recently Tabb had a severe attack of pnoumonia. When he learned that he could not recover he sent for General Pavey and confessed that he was in White's room on the night of the fire.

They were gambling. arose, resulting in a fight, and Table killed White. In the desperate frame of mind Tabb fired the building and allowed White's body to burn to conceal the crime. After Tabb's death the friends of the family consented to suppress the particulars, but they were of such importance that they have become generally and fully verified.

WARD,

Allas Morgan, Miller, Pope-Well Known Criminal Canght.

Boston March 18.—The man giving the name of Colonel Andrew J. West of Atlanta, Ga., arrested in this city Friday on the charge of passing worthless checks, was Saturday identified by Chief Inspector Watts as Daniel S. Ward, a criminal, with a national reputation. He is known to the police as Daniel S. Ward alias Captain Ward alias Morgon, alias Pope, alias Miller and was born in Indiana 60 years ago.

He was one of six arrested in New York city in 1864 for being concerned in a plot to burn the large hotels of that city. He was confined for four months by order of General Dix. Captain Keunedy, one of the conspirators, was hanged in Fort Lafayette, and Captain Bodle, another conspirator, was hanged on Bedloe's island, in New York har-

SUICIDED IN THE PARK.

Frank BicFarlane Warns People Against the Board of Trade.

Chicago, March 18 .- Frank McFarlane, a prominent member of the Chieago board of trade, was found dead in Washington park by two park police officers yesterday morning. Investigation showed that McFarlane had shot himself twice through the left breast.

The circumstances surrounding his death show that it was deliberately planned. It showed that McFarlane had been brooding for several days over business embarrassments, and in a letter addressed to the public he says he had tried and failed so often since he came on the board that he was at last disheartened and ready to give up; that he met defeat ngain Saturday, which was more than he could endure, and concluded by warning all honest men to beware of the board of trade.

Infirmary Burned.

MILLERSBURG, O., March 18 .- The Holmes county infirmary near this place, burned yesterday, causing a loss of \$95,000, upon which there was an insurance of \$15,000. The 46 inmates of the institution were rescued with great difficulty, but were all taken out safely.

## ROUNDHOUSE BURNED

A Falling Wall Burles Twelve Men.

Another One Died a Few Hours After Being Taken Out of the Ruins, and Still Another One Is Likely to Die-The Other Eight Badly Injured but Will Probably Recover.

Toledo, March 18.—The roundhouse of the Wabash Railroad company, in this city, located at the foot of Sonth street, on the dock front, burned to the ground between 10 and 11 o'clock yesterday. Three-quarters of an hour after the first alarm was sent in the southwest wall of the building, 60 feet in circumference, fell in, burying 12 men underneath it. Two of them were instantly killed, a third died a short time after being taken out of the debris, and the others were all badly hurt, one probably fatally. All but one, John Bowen, were employes of the Wabash. THE DEAD ARE:

R. H. Bohlman, aged 56, painter, married, seven children, skull crushed, internally injured.

J. J. Preston, aged 35, car inspector, married, six children, back broken, skull crashed: killed instantly.

John Bowen, aged 18, spectator, skull crushed, internally injured; killed in-

THE INJURED ARE:

F. H. Howard, foreman, Eastern division, head bruised, face cut, slightly burned; will recover.

John Leary, machinist, leg broken, arm crushed, skull fractured; may die. Casper Becker, painter, head and shoulders cut.

Patrick McDonough, fireman, skull fractured, shoulder broken; will recover. Martin Greenburg, car repairer, head ent; will recover. Harry Zimmerman, painter, legs

sprained, body bruised. Louis Becker, painter, head bruised, shoulder sprnined.

Heury Gerding, car repairer, head bruised and ent.

T. C. Laner, truck foreman, head and neck sprained, head cut. The first alarm for the fire came by telephone, to the district offices at 10:10

a. m. A few minutes previously a resident of the neighborhood of the roundhouse saw a small flame burst out of the cupola of the building and he ran to the office of the general fereman directly across from the roundhouse and notified those in charge. General Foreman Howard summoned

the company's private fire department, consisting of 15 men, to the scene and a stream of water was directed toward the blazing cupola. A heavy wind was blowing and the fire soon ate its way down to the roof of the roundhouse. When Fire Chief Mayo reached the

fire, he saw that there was danger of the flames reaching the oilhouse, repair shops and the Wabash elevator, all in close proximity, and he immediately sent in a general alarm. Meanwhile the road's fire company

had directed its efforts toward smothering the flames in the southeast end of the structure which menaced the oilhouse, and the fire at this point was held fairly in cheek. The roof was already ablaze and threatened to collapse every moment, but the falling of the walls was not at this time anticipated. The iron braces supporting the roof expanded in the intense heat and the frail frame covering gave way with a muffled roar, falling in on the stalled en-

At this moment the southwest wall, 18 feet high and 18 inches thick, was seen to totter outward from the lateral pressure of the falling roof, and a yell went up to apprise of their danger the 15 men at work at this portion of the building. The warning came too late, and 12 of the men were buried in a pile of brick several feet high. That only two were killed outright was nothing short of miraculous.

Streams of water were poured on the smoking debris, and as soon as possible the work of rescue began. Preston and Bowen were buried completely, and were dead some time before their bodies were reached. They were badly crushed. Bowen's features were unrecognizable. Bohlman was taken out in an unconseious condition and removed to his home, where he died a few hours after-

By this time half a dozen physicians had reached the scene and attention was directed toward caring for the injured. Leary, the machinist, was found to be the worse sufferer and it was feared he would scarced live out the day. The others, though badly used

np, will probably all recover.

The firemen had a stubborn fight with the now doomed roundhouse, the heavy wind greatly aiding the stubborn flames. At noon the fire was practically under control, after destroying all that was inflammable of the building.

The property loss is estimated at \$100,-000; probably insured. The roundhouse, which had a capacity of 20 locomotives, contained only six engines and these are all badly damaged. A Wheeling and Lake Erie conlcar, and Baltimore and Ohio boxear were consumed.

He Carried a Torch.

Massillon, O., March 18.—Edward Swihart climbed into the manhole of the boiler at the Penman mine to close it down. The boiler had just been cleaned with oil and Swihart carried a torch in his hand. An explosion followed, and the man was hurled to the end of the besierhouse, sustaining severe internal injuries, and losing his hair and beard. The building was wrecked.

### EVENING BULLETIN.

And will also sell round trip tickets at one fare, plus \$2.00, to the following territory: Arizona, Orkansas, Louisiana, Missonri, New Mexico and Texas,-twenty days limit.

#### Birthday Party

#### PARALLEL ROADS.

Judge Wall Opposed to This Plan of Settling the Turnpike Question.

But Believes in Doing Away With the Gates-What High Tolls Have Done.

Mr. Editor: I have watched the "free turnpiko" discussion with great interest, and gather from U., is visiting her mother, Mrs. Niland, of the written and oral expression of our citizens, that there is a wide difference of opinion as to the remedy for the ilis that "high tolls" have brought upon us. Some advocate the purchase of all the turnpikes, and the management of same by the county, all tolls to he abolished some desire the turnpikes to be still [managed aud controlled by the stock holders, but in lieu of tolls, the county to pay to each road annually an amount equal to the average yearly receipts

A third faction that seems to hold the "whip hand" at this time desires the county to perfect a system of parallel roads, free of toils, that will Keith, Schroeder Harness t'o., will leave gradually ruln the stock of aud travel on the tolis, or to abandon their roads.

> The system of building turnpikes and charging tolis hegan in 1830 and has continued in this State for sixty-five years, with very little variation in the charges for travel. It was a tax and burden that called forth but little complaint untll within the last twenty-five years, and It was the concentration of the stock of a few leading roads in the hands of a few men, and the increase in the tolls, prompted by greed, that called the attention of the public sharply to the question of toils, and the agitation of the "free turnplke" question thus began. The charge of three cents per mile for buggy travel upon the Maysville and Bracken pike has done more to bring odium upou the system of tolls than ali other things combined, and has driven more travel from that, and every other first-class road in the county, than any other charge that is made. It started the people to estimating the amount expended in tolls and to devising ways and means of evading that expense, either by traveling but little or not at ali, or by going to places that did not necessitate the payment of so much toll. Maysville has lost thousands and thousands of dollars worth of trade in this way, and the loss is increasing. There is not a farmer or tenant in the west end of the county that cannot save from ten to fifty dollars in toll per year by dealing and selling at Ripley, Dover, Augusta or Broshear's Station.

The east end of the county is more fortunate. as the mauagers of the pikes charge more reasonable tolls: but, the attention of everyone having been called specially to the question, the burden seems enormous, and there is a wide-spread de-

sire to he relieved of all toll. One, two, three parallel roads will not relieve the people. The system of pikes and dirt roads that we now have, has been the growth of a century, and our farms and houses and fields and passways have been arranged to sult the five main turnpike arteries. A new aignment, such as contemplated by the system of parallel roads, uside from the cost, would accommodate but few-comparatively-of our citizens. There would be a general appleaval of passways and | neighboring town of Washington. farm roads and change of front of improvements to reach the new pikes, and when completed, tem of roads would be so lujured, that we would uot have a respectable road in the county.

Experience teaches, "that there is no excelience without great labor." It also teaches that first-class roads "come high." If we must have them, then we must pay for them. If our eltlzens desire free pikes, then they must consent to pay as high taxes as our Ohio friends, who have free pikes. We eannot buy, lease nor parallel our pikes, uuiess we have a decided iucrease in taxation. No matter what measure we adopt, taxation must be the moving power. The more perfect and complete the remedy, the higher the amount to be paid in taxes to secure it.

The object of free pikes is not to save money. as I understand it, but it is to increase trade and population. To induce eitizens of other countles, cursed with high toils, to come to Mason, where no such burden is imposed. To enhance the demand for and price of our lands; to cause such au influx of people, that our large farms wlif be cut up into small tracts, and our county bleome the hucksters' paradise and market

garden of the Ohio valiey. Just as the construction of the pikes doubled the value of our lauds, so will the destruction of tolls again double their value, and give a new impetus to business and trado of all kinds. Our clty will once more become acquainted with the eitizens of the west eud, and population aud wealth will rapidly increase, so that the hurden of taxes to repair and to purchase all the roads will not be felt. But, let us not be impatient. A system that is the growth of nearly seventy years eaunot be changed in a year or two years. time, If It can be avoided. Let the Fiscal Court, that alone can act, appointed a committee with power to contract for the purchase or surrender the roads, and then let said court levy a tax sufflfor the redemption of the bonds. Appoint suitable persons to manage the roads with power to supplement the tax by calling upon all persons subject to road tax, to work out same, upon the road nearest his residence. Such a plan will eertainiy give permanent relief from tolls. In order to adopt it, the Fiscal Court must be sure that it is authorized by law to make the purchase excessive price for the roads, as too high a rate

tolls to statule rates, the county will make up to At the M. E. Church, South, Tuesday them the difference between statute rates and evening, March 19th, from 5 until 10 the rates they are now charging. This would be

#### A HUNDRED YEARS AGO.

The school boy or girl conning a lesson of the classes, or of far away nations, may well pause awhile to learn of heroes whose deeds were enacted in view of the same hills, valleys and river by which they are surrounded.

The boat plies back and forward between Maysville and its neighbour, Manchester. The passengers seldom remember that over every spot the red man lald in wait for the pioneer.

Manchester was settled in 1792 by General Nathaniel Massie. It was the third settlement on the northwest side of the Ohio river between Pittsburg and Losantiville, (now Cincinnati). The Revolutionary War had just closed, General Washington had sent General Wayne to conquer the Indians. Wayne's expedition was a triumph. A treaty was made with the aborigines. About the same time General Massie organized at Manchester an exploring expidition, consisting of forty persons, some of whom were from May's Landing, now Maysville: several from the then larger settlement of Washington. To a son of one of this party, the writer is indebted for many of these facts, some published, and some accounts, while in the long ago he was our guest.

town of Chillicothe they came upon a camp of Shawnee Indians who would not abide by the treaty. Two battles were fought-one at the Indian camp on the picturesque bank of Paint Creek. We have walked and have driven over this old battlefield. Now no richer or more cultivated part of Ohio can be found. Then it was an unbroken wilderness. This hostile attitude of the Shawnees so near their stronghold at Chillicothe determined General Massie to return for a stronger force. Burying the dead, the party retraced their steps and at night camped on the banks of Scioto Brush Creek. Followed and attacked before day dawn by the savages, they compelled the foe to beat a retreat, and then returned to Manchester.

Two years later General Massie made another and then successful expedition to their strong village and laid out the present beautiful city of Chillicothe.

that the first President of the Daughters of the American Revolution, the wife of a former President of these United States, on the organizing of the Society of the D. A. R., wrote to a descendant of this illustrious chieftan inviting her to become a member. This lady is a resident of our

#### The Trolley System

A good-sized and warmly appreciative audience saw the play last night. Mr. Robert Garnella as Timothy Tubbs is a very funny low eomedian and has many little tricks of voice, manner and expression that make him an execedingly comical fellow. Ilis comedy work is of the broadest kind, and makes you laugh, whether you want to or not. Upon him, almost solely, depends the fun that makes the piece such a go. Among the others in the east who deserve special mention are Miss Maud Harrls, who sings several pretty songs; Miss Minnie Beil plays the banjo uicely and dances very prettily, and Lew Hawkins, a eiever hiackfaced comedian.

Those who like farce comedy will he sure to like "The Trolley System," which they can see at the Grand all the week, with the usual matinees.-Loulsvillo Times.

This play will be at Washington Opera House next Wednesday evening.

ACCIDENT ins. tickets. W. R. Warder

THE Prohibitionists were defeated in an election at Caseyville last Saturday.

GOLD-FILLED watches reduced from \$25 now \$18; \$20 watches reduced to \$15; \$18 watches reduced to \$13.50; warranted for twenty years. Deuber and Jos. Boss P. J. MURPHY,

The leader of low prices.

The marriage of Miss Matilda J. Ilildreth and Mr. Clarence F. Parker will be solemnized next Wednesday at 1:30 p. m. at the home of the bride's parents, Mr. and Mrs. R. E. Hildreth, of Elizaville. If the good wishes of Miss Hildreth's many Maysville friends will insure her happiness and prosperity, hers will indeed be a bright and joyous future.

A PERSON with no appreciation for fun, the ludicrous and grotesque would have but little appreciation of the "Trolley System," but to those who enjoy a good, hearty, unceasing and prolonged laugh. If our citizens are willing to pay such tolls as Garnella) the flower of the Hope family, are established by the Kentucky Statutes, then the remedy for high toils is easily obtained by inducing the Fiscal Court to contract with all roads whose charters were granted prior to the Statute of 1855, that the remedy for light of 1855, the contract with all roads whose charters were granted prior to the Statute of 1855, that the roads whose charters were granted prior to the Statute of 1856, that if they will reduce their Tubbs, whose honor it was to introduce electricity as a motive power into the hitherto peaceful town of Utopia, and evening, March 19th, from 5 until 10 or clock.

Sol. Williams, a notorious "crap shooter," of Paris, was sold Saturday at that place as a vagrant. John Lonergan paid \$20 for him for six months.

#### THAT ELECTRIC RAILROAD.

#### A Lively Interest Manifested in the Proposed Line Between Maysville and Olivet.

A week or so ago one of the progressive farmers of Mason County called at the BULLETIN office on business, and during a talk on the turnpike question the proposed electric railroad from Maysville to Mt. Olivet was casually mentioned. The gentleman stated that he would give \$1,000 towards building the road. The same day another farmer stated that he would give \$500 to aid in constructing the line, and wouldn't ask any stock in return for his subscription.

On Friday still another of the county's successful and progressive farmers called at the Bullerin office and stated he was ready to subscribe \$2,000 to the enterprise.

All this goes to show that the propertyowners along the probable route of the proposed road are manifesting a lively interest in the matter. They realize that an electric road would be of incalculable advantage to them and greatly enhance the value of their property. What they seem to regard with greater favor than anything else, however, are the accommodations such a road would afford. It would give them traveling facilities and shipping facilities enjoyed by few communities.

Wouldn't it be a good idea for some of the enterprising citizens of this city and Mt. Ollvet and along the route to get together and push this matter?

#### ST. PATRICK'S DAY.

#### The Sons of Erin Celebrate It-Services at St. Patrick's Church Last Evening.

Yesterday was St. Patrick's Day, the day all Sons of Erin specially delight in celebrating. The only indication of it his home several days, was somewhat here was the bit of green ribbon and a better this morning. sprig of shamrock worn by the lads and lassies throughout the day.

Ennis delivered a lecture appropriate to the occasion. The St. Patrick's Benevolent Society and the Ancient Order of urer, and make arrangements. Hibernians attended in a body. The sanctuary was beautifully illuminated from the gas jets and large number of People's Building Association, comcandles on the main altar and bedecked banners of Ireland.

Long before the hour for the services the church was crowded and chairs had to be placed in the aisles, yet many were compelled to go away unable to gain admittance.

The order of exercises was as follows: Vespers, lecture and benediction of the blessed sacrament. Vespers being over the Rector of St. Patrick's Church, Rev. Father A. T. Ennis, appeared and began his lecture of about thirty or forty minutes composed mainly of historical facts beantifully woven together and delivered in such a manner as to suit the most skeptical. At times eloquent, always pleasing, the Rev. Father had the closest attention from his large and appreciative audience from beginning to end. All who were fortunate enough to hear the lecture came away delighted.

Father Ennis has been here only a short time, yet by his devotion to his duties, his christian bearing and his eloquence he has won the esteem of each and every member of his congregation.

After the lecture, benediction of the blessed sacrament was given and the exercises closed.

The musical programme specially arranged for the occasion was well rendered.

#### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Symp of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, 13 manufactured by the California Fig Syrup Co. only.

T. P. BRADLEY and A. S. CONRAD, Agts.

Paris, March 18.-A Shanghai dispatch states that the Japanese army at New-Chwang captured all the supplies of provisions, etc., which were intended to last the Chinese three months. They also hold all the outports from which new supplies could arrive. Thus the Chinese troops in Manchuria will be compelled either to yield or to speedily retreat in the direction of Pekin.

It is reported in Shanghai that the British Mediterranean squadron is go ing to the east.

Russian Vessels Ordered to the Pacific.

LONDON, March 18 .- A dispatch from St. Petersburg says it is reported that ull the Russian Mediterranean squadron has been ordered to the Pacific to be in readiness to make a possible demonstra-tion in concert with Great Britain in regard to the Japanese demands on China.

China Makes Further Concessions.

Berlin, March 18.—Reliable information comes from Pekin to the effect that Li Hung Chang is authorized by his government to pay and furnish provisions to the Japanese troops at the posts already occupied by the Japanese, if Japan will grant an armistice. Will Lead the Japs to Pekin.

YOKOHAMA, March 18.—It is officially announced that Prince Komatsu has been ordered to the front as commanderin-chief of the expeditionary army which, it is intended, shall march on

RAIN AND WINDS IN GEORGIA. Loss of Life and Great Destruction of Property.

GADDENS, Ga., March 18.-News comes from several sections of the state of great losses in houses and cattle by the big rains and strong winds prevailing the past few days. A cyclone struck Pronto and wrecked the house of W. E. Copeland. The honse was torn from over the heads of the Copeland family and six members were more or less injured. Lucy Haversham, a 9-year-old girl, was blown some distance and struck a tree, breaking her arm and leg and several ribs.

From Brewtoe and Eufala, comes news of great damage to farms and destruction to eattle.

The worst fatality occurred on the Coosa river, 30 miles above this place. A waterspont burst and the river rose ont of its banks, unlodged the house of Jacob Anderson and earried him, his wife and baby down the stream. The house was wrecked upon a rock and the three inmates drowned. A negro serv ant saved his life by catching the limb of a tree as the house sped down stream. Hundreds of cattle were drowned and 50 to 100 barns were wrecked. Three men, who were logging on the Coosa, have not been seen since the storm and are thought to have been lost.

NEGROES EMIGRATING TO LIBERIA. Hundreds Awalting the First Vessel at Savannah to Take Them Over.

SAVANNAH, March 18 .- A hundred or more of the negroes who are to migrate of an unknown man just across the to Liberia have been scattered along the Georgia line near the river. An inves-river front for the past two days, keep-tigation showed that he had been shot river front for the past two days, keeping eager watch for the coming of the steamship Horsa that is to carry them to Africa. Many remained on the wharves until a late hour last night straining their eyes for the vessel's lights, while others held what they expected to be the last religious services in America. There are nearly 300 here awaiting the ship, according to managers of the crowd.

Collector Beckwith will make a rigid inspection of the steamship and if she does not conform with the provisions of the United States ship passenger laws, he will refuse clearance papers.

The movement is being watched with intense interest by negroes all over the south and on the success of the present party hinges a big emigration movement among them.

The Horsa is expected to sail within a day after she arrives. She is expected here every hour.

CHARLIE RICE'S WIFE MURDERED. She Was Known on the Variety Stage as Cora Everett.

SAN FRANCISCO, March 18 .- Charley Rice, a variety actor well known on the Pacific coast, was found on the street near his lodginghouse early yesterday morning blowing a police whistle. He said that his wife was dead upstairs. Investigation revealed a horrible sight. The woman's throat had been ent with a razor from ear to ear, her head being all but severed from her body, and the bloody razor hidden under a pile of clothes.

Rice said that he left the room for a short time and on returning found his wife dead. Neighbors heard the pair quarreling upon their return from the concert hall where they are employed. As rows between them were of no common occurrence, no one thought of interfering. The woman deserted her husband for Rice several years ago. She was known on the stage as Cora Everett.

Futy Miners Perish.

TROPPAU, Austrian Silesia, March 14. -Forty-three bodies have been recovered from the Hohenegge mine, the scene Saturday of a disastrons explosion of firedamp. Only six of the miners are now unaccounted for. Arch Duke Frederick, the owner of the mine, will pay a pension of 400 florins each to the widows. The widows and orphans wil. also receive a pension from the miners' benevolent fund.

Battle Berween Cowboys and Thieves. WICHITA, Kan., March 18 .- Information has just been brought here by railroad men from Woodward, O. T., to the effect that in a fight between cowboys and cattle thieves Saturday night "Chip" Baxter and Ed Burwell were killed by the outlaws and James Byron, a eattlemau, was badly wounded. Fourteen men participated in the fight, which took place in the Stirrup ranch

in Neutral strip.

A Malay Water Slide.

In Perak, a state in the Straits Settlements, the Malays have one form of amusement which is probably not to be enjoyed anywhere elso iu the wide

There is a linge granite slope in the course of a mountain river, down which the water trickles about two inches deep, the main stream having carved out a bed by the side of the bowlder. This rock, the face of which has been rendered as smooth as glass by the eonstant flow of water during hundreds of years, the Malays-men, women and children—have turned into a toboggan. Climbing to the top of the rock, they sit in the skallow water with their feet straight out and a hand on each side for steering and then slide down the 60 feet into a pool of water.

mornings, as many as 200 folks being p. m.; good returning on regular train engaged at a time and sliding so quickly one after another or forming rows of two, four or even eight persons that they tumble into the pool a confused mass of screaming creatures. There is tle Folks.

LOW WATER IN THE BOILER.

A Woolen Mill Demolished and Five Boll-

ers Rulned by an Explosion. WORCESTER, Mass., March 18 .- Low water in one of 14 boilers at the extensive boiler plant of H. N. Slater's South Village woolen mills, in Webster, at noon yesterday, caused a terrific ex-plosion. The plant and five boilers were works was done.

One of the boilers shot up from its foundation, passed through the basemenl of a factory tenement house, and tore a piece out of another tenement. Several people narrowly escaped death. When the explosion occurred J. H. Sezinanski was in one of the boilers saved the plant from total destruction by fire. Over 600 people are out of employment. Loss, \$25,000.

Nine Murderers Escape From Jall. SEATTLE, Wash., March 18 .- Nine inurderers held up the county jailor here last night and escaped. They were led by the notorious Tom Blanck, who killed two men last year. One of the murderers, Murphy, afterwards went to police headquarters and surrendered.

MADRID, March 18.—Advices from Manila are to the effect that the Spanish forces, under command of General Sarrado, have defeated the Malay Mus selmans at Mindanao. The enemy lost 108 killed, including the Sultan of Mindanao and his son. The Spanish loss was two officers and 15 men killed and 21 officers and 172 men wounded. The Spaniards captured four cannon and a number of ritles.

CHATTAHOOCHEE, Fla., March 18 .-This community is thrown into excitement over the finding of the dead body through the head with a Winchester rifle. A memorandum book was found in his pocket in which was written "Frank Keller, March 9." The book also contained a railroad ticket issued by the F. & O. P. railroad agent Findlay, O., March 5. Robbery is the only motive assigned for the murder. The corpse was well dressed, and had the appearance of a man of wealth.

Result of a Battle in a Saloon,

DETROIT, March 18.—Allen Ashley, who, with his brother Frank, was shot by John Holtz, in the latter's saloon Saturday night, died yesterday at Hap-per's hospital. He never regained con-scionsness after being shot. Frank Ashley, who was shot in the neek by Holtz, is in a precarious condition, the bullet having lodged in his right lung. The police are confirmed in the belief that Holtz was justified in shooting as he did in self-defense.

Will Protect Christians.

CONSTANTINOPLE, March 18.-The porte, replying to a protest from Sir Phillip Currie, the British minister, assured him that measures would be taken to protect Christians in Asia-Minor. The porte has also assured Mr. Terrell, the American minister, to the same ef-

A Disabled Liner.

GLASGOW, March 18.—The Allen line steamship State of California, Captain Braes, which sailed Friday for New York, returned to the Clyde Saturday with the eccentric rod of her engine deranged.

Mangled Under an Engine. DELAWARE, O., March 18 .- Thomas Crickned sustained fatal injuries in an accident at the Big Four roundhouse by an engine passing completely over his body before it could be stopped

Oh, the merry spring time's comin'
See it comin' in the sky;
Soon we'll hear those bees a-hummin,'
Makin' honey by an' by.
By an' by!
Birds a-slugin',
Roses springin,'
Chrildren's happy voices ringin'
Spring on golden pinions wingin'
By an' by!

Bloomin' bowers, gentie showers,
Alla-comiu' by an' by;
An' the scent o'springtime flowers,
Almost smell 'em if we try,
linds a-sprontin',
Boys a-shoutin,'
Spring's a-comin'! ain't no doubtin'—
An'ns foiks'll all go troutin'
By au' by,
—New York Evening Sun.

For further particulars see small bills, or apply to ticket agents.

#### Net Work of Electric Lines.

ELWOOD, IND., March 14.—A new electric railroad is to be built between here and Anderson, via Frankton, this spring, as the right of way has already been seruined, and other damage about the eured. When this is completed a line will be built from here to Independence, ten miles northeast of this city, where it will connect with the line from there to Marion that is being built, and ears will run either way on the line every hour. This is a part of the Henry Gas Belt cleaning it out. He was fortunately Electric Railway, and when the line from little injured. The fire department here to Orestes and Alexandria is completed this county will have a network of electrie lines.

Parents and guardians will be given full particulars as to terms and reference on applying to

SISTERS OF THE VISITATION, B.V.M.,

MAYSVILLE KY.

Signs of Springtime.

Brings comfort and improvement and tends to personnl enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the uecds of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect lax-ative; effectually cleansing the system, dispelling colds, headaches and levers and permanently euring constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it aets on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50e and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
